

## **P.A.L.S.S. Team Member Report 2**

**Name: Matthew Prescott**

This week's role: Product Owner

Next week's roles: Developer

Duties performed this week: Added navigation functionality to the application.

Issues encountered: Had trouble with learning how Flutter handles layout.

Issues resolved: Was able to learn more about rows and containers within Flutter and was able to successfully place elements where I wanted them

Percentage contribution: 20%

Weaknesses:

- Procrastinator

Strengths:

- Showed a lot of promise in regards to working with Flutter.

**Name: Matthew Ackley**

This week's role: Developer

Next week's roles: Product Owner

Duties performed this week: This week, I created the Domain Model document and organized a collaborative meeting where we planned the more productive sprint 3.

Issues encountered: This week we mostly struggled with planning to overcome the size of this project. Our schedules make it hard to allocate time to the project as a whole, since it really isn't something you can work on in 15 minute intervals (which is unfortunately all I usually have). In addition, we struggled to overcome the learning curve with our programming language.

Issues resolved: N/A

Percentage contribution: 20%

Weaknesses:

- Procrastinator

Strengths:

- Well organized

**Name: Aiden Lammert**

This week's role: Developer

Next week's roles: Scrum master

Duties performed this week: None

Issues encountered: I did not have the time to work on the project during this sprint, so getting anything done at all was an issue.

Issues resolved: None

Percentage contribution: 20%

Weaknesses:

- Procrastinator

Strengths:

- Excellent communication skills

**Name: Durgin Sweet**

This week's role: Scrum master

Next week's roles: Developer

Duties performed this week: As the scrum master, I mostly worked on the documentation of the sprint for the week, and didn't do any work on the actual application itself.

Issues encountered: We had some trouble meeting due to the time constraints for the different members of the team, so scrum meetings were a little sporadic

Issues resolved: We did manage to make the most of the meetings we did have, and I was happy overall with the progress made for the second sprint.

Percentage contribution: 20%

Weaknesses:

- Procrastinator

Strengths:

- Helped keep the group organized

**Name: Joshua Schaff**

This week's role: This week I was part of the development team.

Next week's roles: Next week I will also be part of the development team.

Duties performed this week: Not much progress was made as I was mostly getting familiar with Android Studio and the Dart programming language.

Issues encountered: Apart from learning to use the new system and programming language no issues were encountered this week,

Issues resolved: I have gotten more familiar with Dart.

Percentage contribution: 20%

Weaknesses:

- Procrastinator

Strengths:

- Finishes the jobs that he is given on time
